

Opus Investment Management, Inc. Named to Pensions & Investments Best Places to Work in Money Management for Second Consecutive Year

WORCESTER, Mass., December 9, 2019 – [Opus Investment Management, Inc.](#) today announced it was recognized as one of the 2019 Best Places to Work in Money Management by *Pensions & Investments* for the second consecutive year.

Presented by *Pensions & Investments*, a global news source of money management, the eighth-annual survey and recognition program is dedicated to identifying and recognizing the best employers in the money management industry.

“We are proud to receive the Best Places to Work in Money Management award for the second year in a row,” said Ann K. Tripp, president of Opus. “Our company strives to create a work environment that is progressive and inclusive for our team of dedicated employees, helping them grow their careers and make an impact every day. This award is further validation that we have built a company where the best people want to work.”

Culture is at the heart of Opus, where employees can take advantage of a competitive benefits package, a focus on work/life balance and opportunities to give back to their local communities. The company recently invited all of its employees to collaborate on the creation of its CARE values – collaboration, accountability, respect and empowerment. In addition, Opus continues to be instrumental in its involvement with spearheading the redevelopment and revitalization of downtown Worcester. Its team is also very active, volunteering as board members of local charities.

“Many firms were cited for their culture and benefits,” said *P&I* Editor Amy B. Resnick. “Our surveys found that the employers on the list were much more likely to offer things like flex time, telecommuting, child and elder care, family leave, job sharing and adoption assistance.”

Resnick continued, “Employees at these top-ranked firms most often cited, their colleagues, the firm’s culture and the benefits as the things that make it a great place to work.”

Pensions & Investments partnered with Best Companies Group, an independent research firm specializing in identifying great places to work, to conduct a two-part survey process of employers and their employees.

The first part consisted of evaluating each nominated company's workplace policies, practices, philosophy, systems and demographics. This part of the process was worth approximately 25% of the total evaluation. The second part consisted of an employee survey to measure the employee experience. This part of the process was worth approximately 75% of the total evaluation. The combined scores determined the top companies.
