

## **Opus Investment Management, Inc. Recognized as a Best Place to Work in Money Management by *Pensions & Investments***

WORCESTER, Mass., December 13, 2021 – [Opus Investment Management, Inc.](#) today announced it was named one of the 2021 Best Places to Work in Money Management by *Pensions & Investments*. The tenth-annual award program is dedicated to identifying and recognizing the best employers in the money management industry.

“We are extremely proud to be recognized as one of the Best Places to Work in Money Management, in particular, amid an unprecedented global pandemic,” said William J. Piel, President, Opus Institutional Markets. “This recognition is a reflection of our commitment to maintaining an outstanding work environment for our employees – one where they are encouraged to build fulfilling and rewarding careers. During a time of transition and shifting to a remote-first work environment, we made our employees’ health, safety, and professional success top priorities, and ensured they had the support and the tools needed to excel.”

Opus offers a flexible and agile work environment focused on inclusivity, employee development, and community while offering a competitive benefits package. The company strives to meet employee needs, which changed dramatically at the start of the pandemic and continued to evolve as hybrid work became the norm. By understanding employee workflows, Opus’ offerings allowed employees to continue to meet customer expectations, manage home life, and maintain involvement in community efforts.

“Now in its 10th year, P&I’s Best Places to Work in Money Management spotlights the unique ways that employers build healthy and thriving work cultures,” said Executive Editor Julie Tatge. “This year was no different. The 100 firms profiled in our Dec. 13 issue grappled with myriad challenges posed by the pandemic and met them, helping ensure that their employees felt supported and able to do their best work.”

*Pensions & Investments* partnered with Best Companies Group, a research firm specializing in identifying great places to work, to conduct a two-part survey process of employers and their employees.

The first part consisted of evaluating each nominated company's workplace policies, practices, philosophy, systems, and demographics. This part of the process was worth approximately 25% of the total evaluation. The second part consisted of an employee survey to measure the employee experience. This part of the process was worth approximately 75% of the total evaluation. The combined scores determined the top companies.
